SPEAKERS & BUZZERS

Speakers and buzzers provide audible feedback, alerts, and sound output for a wide variety of electronic products.

Kingway supplies compact speakers and piezo buzzer solutions designed to deliver reliable audio performance in both consumer and industrial applications. Through our global sourcing network and manufacturing partnerships, we help manufacturers integrate dependable audio components into electronic devices and systems.

MINIATURE SPEAKERS

Kingway provides **compact speaker solutions** designed for electronic devices that require clear audio output.

- Miniature electronic speakers
- Compact speaker modules
- Embedded speakers for electronic devices
- Low-profile speaker designs
- Custom speaker configurations

These speakers provide **reliable sound output for products that require voice, tone, or audio signals.**

PIEZO BUZZERS

Piezo buzzers are widely used to **generate audible alerts and warning tones** in electronic equipment.

- Piezo electric buzzers
- Magnetic buzzers
- Active and passive buzzer designs
- Compact buzzer modules
- High-reliability audible alert components

Buzzers provide simple and reliable **sound signals for alarms, notifications, and control systems.**
